THE NORTHBRIDGE BULLETIN — Autumn Issue

New Warehouse Opens in Millford

Northbridge Logistics opened its fourth regional warehouse in Millford on September 2. The 18,000-square-meter facility will handle deliveries for customers in the southern region and has created 85 new jobs. Operations manager Carla Duarte says the site will cut average delivery times in the region from three days to two.

Employee Recognition

Congratulations to Samuel Okafor of the Dispatch team, who was named Employee of the Quarter. Samuel designed a new route-planning spreadsheet that saves drivers an average of 40 minutes per day.

Upcoming Events

The annual safety training will take place on October 14 at the head office. Attendance is required for all warehouse staff. The company picnic, originally planned for September 27, has been moved to October 4 because of the expected rain.

Reminder

Employees who wish to join the mentoring program must submit a form to Human Resources by October 10.
